TUESDAY JULY 1

YOUNG HAWAIIANS COMBINE.

The young Hawaiians of Maui have formed or are forming an independent political body which has for its object the choice of good men for the Legislature. This is a worthy undertaking and means, if it is carried out, the defeat of William White, the Lahaina saloon-keeper. For the place he now holds, two young men are being considered: Samuel Keilinoi, recently connected with the Board of Education and T. B. Lyons. The Advertiser has no special information about these aspirants, but the young Hawaiians say either can be depended on to vote for measures of good government; and in any event it is likely that either would be an improvement upon the average Home Rule legislator of 1900.

What we especially commend is the spirit of political independence which the young Hawaiians are showing. The new departure is by no means confined to Maui. Here on Oahu, Prince Cupid and his friends have ranged themselves steadily and unflinchingly against the reactionary ideas of the old crowd of place-hunters. The Prince, in many ways, has shown himself to be the most admirable politician of his race, cool, far-sighted and sagacious. He has forgotten more about high politics than the old line leaders of the Home Rule party ever knew. That so many other young Hawaiians are adopting his standard is one of the most hopeful signs we know of that the Hawaiian influence in politics is going to make itself felt for good government.

If these young men hold their ground and do not move to a lower level, they will honor the Hawaiian name and achieve something worth while. "To place one's bark on the highest promontory of the beach and wait for the rising of the tide to make it float" is the essence of all statesmanship; for to high-water mark the tide always comes in time. It is smooth sailing for those who embark then.

HAWAIIAN COINAGE.

While the Hawaiian coinage bill went by the board owing to the inattention of Delegate Wilcox, the defeat of the measure is not one for unalloyed regret.

When any country has a circulating medium that will stay with it—one that will not, in the ordinary course of banking and trade, be shipped away—and has, besides, a currency for export purposes, both being legal tender, that country is pretty well fixed. As things stand the Hawaiian dollar and the United States dollar are at par in this Territory. Nobody will take the Hawaiian dollar anywhere else and it stays here as a convenient and necessary medium of exchange, subject only to losses to collectors and through the arts. For our outside trading the American dollar is in hand.

This looks like a pretty good system to leave alone. Of course trouble would come if the local banks should refuse to take Hawaiian money, for then it would depreciate in everybody's pocket; but the banks show no signs of such intent. In fact they are quite as much interested in having a sufficient medium of exchange in Hawaii as is any one else.

The railroads approve the Panama canal now but they don't mean to let the people have it. All canals look alike to the railroads when it comes to an enacting clause.

When Mr. Pain gets through with litigation and counts his fresh bumps, let it be hoped that one of them will prove to be a bump of wisdom.

STRIKES MAY YET BE SETTLED

TORONTO, Ont., June 23.—The street railway company made no attempt to run its cars this morning. About 1600 militiamen arrived here during the early morning and are quartered at the armories. A prolonged conference between officials of the company and the Board of Trade committee was held during the night. This morning Manager Keating of the street railway company said: "There is a possibility of a settlement."

Business Agent MacDonald, of the men, stated that after a conference of 12 hours with the officers of the company, the question of wages and recognition of the union had been practically settled.

PATERSON, N. J., June 23.—Although many of the silk mills were open this morning, it was estimated that less than one-third of the regular number of employees reported for work. A meeting of the strikers is to be held today but it is not expected that any definite action will be taken until the decision of the bosses as to the holding of a conference with representatives of the strikers has been announced. Details of infantry and cavalry were on duty at the mills today. There were large crowds in the vicinity of the mills and the streets were full of idle workmen, but there was no disorder of any kind.

WILKESBARRE, Pa., June 23.—The seventh week of the anthracite coal miners' strike began today very quietly. Interest was centered today in President Mitchell's address to the public. As far as is known none of the companies in this region are attempting to resume mining. The mine workers' committee are still endeavoring to persuade men who remained at the engines and pumps from continuing work. Very few, however, are joining the ranks of the strikers. The union is unable to make any headway with the new men brought here to take the strikers' places.

RECIPROCITY WITH CUBA DEAD ISSUE

(Continued from Page 1.)

an effort to have the dispute over the army bill adjusted during the week, with some prospect of success. The Committee on Appropriations will take up the general deficiency bill tomorrow, and probably will report it the latter part of the week. This is the last of the appropriation bills, and with its disposal there will be little in the way of the final adjournment of Congress. Senators generally predict that Congress will disperse between the first and the fourth of July.

LONG DEBATE ON PHILIPPINE BILL

WASHINGTON, June 23.—Some routine business preceded the resumption today of the debate on the Philippine civil government bill.

A resolution was adopted calling upon the Secretary of War for information as to any payments made by Governor General Wood to F. B. Thurber and any other persons or corporations, together with the dates and amounts of such payments, for advocating reciprocity with Cuba.

The consideration of the Philippine civil government bill then was resumed and Mr. D'Armond of Missouri made a general speech in opposition to the policy of retaining the islands. He repudiated utterly the charge that the opposition to the present Philippine policy in criticizing some of the acts of army officers in the Philippines was slandering and assailing the army. Recalling Mr. Kuhn's statement last week that in giving up a slice of Northwest Territory upon the occasion of the Oregon boundary dispute we had made a mistake which should not be repeated now, Mr. D'Armond agreed that the surrender of the territory north of Washington to the Pacific had been a mistake, but he pointed out that the territory was contiguous to our border, and was capable of furnishing homes for our own people and eventually coming to the Union as a State, while the Philippines, already densely populated by an alien people, could never be incorporated into the Union. The Democratic party, he declared, was not opposed to expansion founded upon American principles. Expansion was one thing, colonial empire was another. The Democratic party was anxious to see the country expand, as expansion was understood by the fathers. Expansion upon the American continent, north or south, he said, was the Democratic idea of expansion, not holding by subjugation ten million people, 7000 miles beyond our border.

In conclusion Mr. D'Armond told of his presence in Havana May 20th, when the American flag was lowered and the flag of the Republic of Cuba hoisted. To him as an American citizen, he said, the sight was inspiring—"far more inspiring," he said, "than if the American flag had remained up in Cuba, and the faith of the American people been violated."

Mr. Olmstead of Pennsylvania, who succeeded the present Secretary of the United States of the duties and responsibilities which in the providence of God have been cast upon us. It means a cowardly retreat. It means that we shall be degraded and disgraced in the eyes of all the world. It means something that the American people will never tolerate. On the other hand, the bill which we present and propose to pass maintains the honor and dignity of the American people, enables us to carry out our treaty obligations, to maintain peace and good order in the Philippines and to be more instrumental and effective in maintaining peace throughout the world. At the same time it enables the Filipinos to participate as fully as possible in the blessings of our republican form of government; it gives to them more independence of action, more of self-government and more of liberty than they have ever enjoyed or ever expected to achieve. It is all that they demand and when we have passed it, then, in the language of the prophet Isaiah, "let them give glory unto the Lord and declare His praise in the islands."

"The bill proposed by the minority means a complete renunciation by the United States of the duties and responsibilities which in the providence of God have been cast upon us. It means a cowardly retreat. It means that we shall be degraded and disgraced in the eyes of all the world. It means something that the American people will never tolerate. On the other hand, the bill which we present and propose to pass maintains the honor and dignity of the American people, enables us to carry out our treaty obligations, to maintain peace and good order in the Philippines and to be more instrumental and effective in maintaining peace throughout the world. REVOLUTIONISTS IN VENEZUELA

(Correspondence of the Associated Press.)

WILLEMSTAD, Island of Curacao, Sunday, June 15.—The revolution in Venezuela is gaining ground and the Government of President Castro is losing daily and is obliged to confess in its organs, in spite of the terror which reigns in the capital, Caracas, that its armies are not always victorious. A revolutionary movement broke out during the night of May 23d in Ciudad Bolivar, capital of the State of Bolivar. A colonel named Farrera headed the revolt in the barracks, and after five days of fighting in the streets constrained the President of the State of Bolivar, General H. Sarria, to evacuate the town and fall back on Puerto Tablas.

The revolutionary General, Rivera, one of General Matos' best lieutenants, whom President Castro represented as dealing with four men appeared last week before La Vela, on the Gulf of Coro, with 1100 men, and after a struggle of five hours, took that port. In the eastern part of the republic, where the government has 4000 of its best troops, the situation is unchanged. The revolutionists dominated without, however, even occupied Barcelona, Carupano and Cumana.

General Matos, whose march on Caracas has been delayed by rains, is at present in the vicinity of those districts and hundreds of bands are awaiting his passage to incorporate themselves with his army.

The situation is less favorable for President Castro than it was a month ago, and every day becomes more unfavorable to him.

It is positively affirmed that President Castro intends to offer resistance in the capital if he is beaten in the decisive battle which will probably be fought in the environs of Valencia.

President Castro has signed a decree providing for the temporary opening of the port of Umana, on the frontier of Colombia, for the outlet of Col-

ombian merchandise which has been stored for upwards of nine months in Cucuta. These goods belong to German firms and consist, for the greater part, of skins, estimated to number 50,000, and of coffee, said to aggregate 35,000 sacks.

Venezuela charges a heavy toll on the transit and it is therefore a clear profit for the government.

GUNBOAT SHELLS TOWN.

WILLEMSTAD, Island of Curacao, June 20.—All day today a Venezuelan warship has bombarded, without result, Maacatum, a suburb of La Guayra, where 700 revolutionists are entrenched.

WILLEMSTAD, Island of Curacao, June 21.—The United States gunboat Topeka anchored at La Guayra today.

CARACAS, Venezuela, June 21.—The United States cruiser Cincinnati arrived at La Guayra today.

Senator Cullom's Daughter.

BALTIMORE, Md., June 21.—Mrs. William Barrett Ridgeley, wife of the Comptroller of the Currency, died last night at the Johns Hopkins Hospital, after an operation for appendicitis. She was a daughter of United States Senator Shelby M. Cullom of Illinois. Her remains will be taken to Springfield, Ill., for interment.

The Panama route is likely to be adopted for the isthmian canal, the House, according to indications, being willing to accept the Senate amendment.

HERPICIDE
HAIR LIKE THIS

It is easily obtainable through the use of New Herpicide, the only preparation on the market that eradicates and kills the germ or microbe that is responsible for all scalp diseases. It thus makes dandruff and falling hair impossible, and causes a thick, luxuriant growth to replace the thin, brittle hair. The gentlemen will also find it an inestimable boon to them, as it works like a charm on bald heads, bringing forth a growth of soft, thick hair that anyone will be proud of. Even druggists proclaim its virtues, as per the following:

OFFICE OF W. H. McINTYRE, D. O., Prescription Dispensing, BALTIMORE, Md., 12-19 '99.

Dear Sir: Herpicide is certainly a good article, and will do the work as advertised; that is why we sell it. I received every bottle, and none has been returned. Please send another dozen, and oblige, Yours respectfully, W. H. McINTYRE.

Rheumatism

Is a rack on which you need not suffer long.

It depends on an acid condition of the blood, which affects the muscles and joints, causes inflammation and pain, and results from defective digestion and a torpid action of the liver, kidneys and skin. Sciatica, lumbago and stiff neck are forms of it.

"Hood's Sarsaparilla has cured me of rheumatism. I was so I could not lift anything and my knees were so stiff I could hardly get up or down stairs. Since taking three bottles of Hood's Sarsaparilla I have never felt a symptom of rheumatism, and I gladly recommend Hood's for this disease." Mrs. HATTIE TURNER, Bolivar, Mo.
